Sell Once.
Earn Forever.

Join QuantLab Software Solutions as a Sales Partner and earn residual commissions on every client you bring in — month after month, year after year.

THE OPPORTUNITY

Most Sales Jobs Stop Paying When You Stop Selling

Traditional sales roles reward you once — you close a deal, collect a commission, move on. If you take a week off, your income takes a week off. That's not a career. That's a treadmill.

> *"What if every client you ever closed still paid you something next month? And the month after that? Welcome to selling software."*

Software and websites aren't one-time purchases. Businesses pay **monthly** for hosting, maintenance, updates, and support. As our Sales Partner, you earn a cut of that recurring revenue **in perpetuity** — as long as that client stays with us.

THE SNOWBALL EFFECT

How Earnings Compound As You Grind

Based on the **Steady Hustle pace** (3 deals/week = ~12 clients/month). Every single month your recurring base grows while your build commissions keep hitting. This is what a grinder's income looks like in real numbers.

MONTH	NEW	TOTAL	BUILD COMM (30%)	RECURRING (25%)	THAT MONTH'S INCOME
Month 1	12	12	$9,000	$900/mo	**$9,900**
Month 2	12	24	$9,000	$1,800/mo	**$10,800**
Month 3	12	36	$9,000	$2,700/mo	**$11,700**
Month 6	12	72	$9,000	$5,400/mo	**$14,400**
Month 9	12	108	$9,000	$8,100/mo	**$17,100**
Month 12	12	**144**	$9,000	**$10,800/mo** passive recurring	**$19,800/mo** = $237,600/yr annualized

*Stop selling at month 12 and you still collect **$10,800 every single month** from 144 locked-in recurring clients. Keep grinding and you're stacking **$19,800 per month — $237K a year** — while building someone else's 9-to-5 paycheck looks like a joke.*

Month 1

12 clients closed → **$9,000 build** + **$900/mo** recurring base. Total: **$9,900**

Month 6

72 clients → **$9,000 build** + **$5,400/mo** recurring on autopilot. Total: **$14,400/mo**

Month 12

144 clients → **$9,000 build** + **$10,800/mo** passive. Total: **$19,800/mo = $237K/yr**

LONG-TERM WEALTH

The 5-Year Picture — Even With Churn

Real talk: some clients won't stick forever. This projection assumes **10% of your book churns every year** — clients fall off, contracts end. Yet your income still grows every single year because new clients more than replace the ones that leave. Pace: 3 deals/week · $2,500 avg build · $300/mo plan.

YEAR	ACTIVE BOOK	BUILD INCOME	RECURRING INCOME	YEAR TOTAL	CUMULATIVE
Yr 1	144	$108,000	$70,200	$178,200	$178,200
Yr 2	274 −14 churned	$108,000	$184,500	$292,500	$470,700
Yr 3	370 −40 churned	$108,000	$286,200	$394,200	$864,900
Yr 4	458 −56 churned	$108,000	$373,200	$481,200	$1,346,100
Yr 5	533 −69 churned	$108,000	$446,400 $37,200/mo passive	$554,400	$1,900,500 5-year total

> *Even with 10% of clients walking away every year, your book still grows to **533 active accounts by Year 5** — paying you **$37,200/month in passive recurring income**. The math doesn't care if you take a vacation.*
